

In the canals of Ampuriava: mooring for sailingboats of 20x5 m for sale

Mooring of 20x5 m before the bridges only about 300 m from the sea

A-718 Empuriabrava Amarre Caballito de Mar
Sale of a berth in one of the ports with maximum draft in the marina of Empuriabrava, particularly suitable for sailing boats and motor boats of great volume. It measures 20 x 5 meters and is near the exit to the sea, easily accessible by private access. Very good investment because of the high demand for rental mooring of these dimensions.
